

## **Head Teacher's Report**

**20.3.18**

### **Pupil Equity Funding**

3x Android tablets - now connected to Internet - £675.30

7 x Chromebooks - being used - £1589

Maths packs - £1046.09 (still need to print booklets)

Outdoor learning - £521

Highland Numeracy Maths Resource boxes - £2595

Free breaktime snack for Free School Meals (less uptake than expected) - £150

Live N Learn Growth Mindset workshop - £795

Jammin Fitness Growth Mindset - £290

Education City subscription - £920 (1.5 years including home access for P4-7)

6 days supply to allow teaching staff to see good practice - £840

Total - £9421.39

Still to spend - £2578.61

Walking bus hasn't worked as need two adults and can only get one.

Could employ an extra PSA to lead with the Chromebooks for targeted Writing and targeted use of maths resources etc. Would need to get permission from Quality Improvement Officer - out on the 29th April

### **Management of Schools**

See note sent out from Bill Alexander

### **Improvements for next session**

Continue STEAM - with a focus on continued work with Maths and Digital Literacy side of Technologies

Sustainability and Global Citizenship

Spelling

### **Classes for next session**

Staffing allocation has not been received yet but, looking at enrollment numbers, at the moment we are projected to have 105 children.

Classes are expected to be:

P1/2 - 17 children

P2/3 - 22 children

P4/5 - 23 children

And 2x P6/7 - 21/22 children

The P6/7 classes will be split following discussion with class teachers to best meet the needs of the children. It would not be an older and younger class. Miss Mullin and Miss MacDonald would be the teachers and they will work closely together - same topics etc. Both teachers would attend the residential.

This is all dependent on number and staffing allocation. We are getting a lot of placement requests at the moment and so things could easily change.

### **Smartboards**

Asked for a quote to have 2x Smartboards fitted as Highland Council have said they will pay 50% of the supply of the board and the only area we do not have a Smartboard is the Bubble.

Total came to £6450. Highland Council would contribute £2935 of this (supply only)

Leaving £3615

This is removal, supply and installation of both boards. This is conditional on a test of the board behind the blackboard in the Bubble.

For just the P2/3 board it would be £3290 with Highland Council contributing £1417.50. Leaving £1872.50 (including removal of the old board)

### **Gaelic**

Head Teacher now been appointed. There will be a meeting to discuss next steps next Tuesday, 27th at 6.30pm. Lynn Milton and myself will attend. All parents of Gaelic transported pupils have also been invited.
