BE SAFE BE SEEN

BY THE JRSOs
JUNIOR ROAD SAFETY OFFICERS

WHY ARE WE DOING THIS?

The reason we're doing this is because its dark at night, you may think the nights are getting lighter but they are still dark and dangerous. To keep you safe we are going to teach you about be safe be seen and reflective clothing!

Bright clothing is the right clothing

Just remember to wear bright and fluorescent clothing.

List of items:

Reflective bands

Jackets with reflectors

Maybe even a bright hat.

A bright bike is the right bike

In the dark it is important to be seen. You must wear white front lights and red back lights so that drivers can see you. Remember that biking at night is dangerous. So be careful kids. You should not use a mobile phone or music players whilst cycling.

Helpful helmets

Helmets can save lives so keep them bright so that cars can see you.

Keep safe and buckle up!!!
